Panel Discussion with Crystia Freeland, Joseph E. Stiglitz, Roger Mandle and Gayle Wells Mandle

Tuesday, February 12th // 6:30 - 8pm

Leila Heller Gallery: 568 West 25th Street, New York, NY 10001

Leila Heller Gallery is pleased to host a panel discussion about the economic imbalance in our society. The backdrop for the discussion will be the Gallery's current exhibition *Game II*, which focuses on the recent uprisings around the world from the Arab Spring in the Middle East to the Occupy Wall Street Movement in the United States. The work is the result of the mother-daughter collaboration by artists Gayle Wells Mandle and Julia Mandle, honoring the many courageous people who took a stand against injustice and unfairness.

The panel will include:

Crystia Freeland, author of "Plutocrats: The Rise of the New Global Super-Rich and the Fall of Everyone Else" and Editor of Thompson Reuters Digital.

Board of Qatar Museums Authority, former President of
RISD and Deputy Director of National Gallery of Art

Gayle Wells Mandle, artist of *Game II* exhibition
