

LEILA HELLER GALLERY.

“Already on Top, How Outstanding Will They Be? 26 Galleries You Must See in Art Dubai,” *Al Mahha* (March 15, 2014).

I have been planning madly for Dubai Art Week trip since last November, so much to see in one week! SIKKA ART FAIR launched today, Art Nights in Al Serkal and DIFC plus Design Days Dubai opening are all on Monday and finally Art Dubai. Last year, I came up with an idea of Eye Catching Galleries in Art Dubai, it was not easy because you see hundreds of artworks! However, I've done it.

This year is the 3rd I attend Art Dubai and 2nd year as Press representing Al Mahha Art. I thought why don't I share with you my pre-recommendations of participating galleries in Art Dubai as some are galleries we see regularly in art fairs in the Middle East, some are keyplayers in the scene and most are recognisable galleries internationally. My question is “they are already on top, how will they beat that and what will the present new and outstanding in Art Dubai?” Trust me the last thing I want to see is something I saw million times before!

From San Francisco to Kolkata, India... 22 Contemporary Galleries and 4 Modern you must see in Art Dubai.

By the way, courtesy of information and description below are to Art Dubai, I just selected my list and no order preferences... it's in random order!
