Early March Magic

Celebrating the Armory, a Bronx museum, Paul Taylor, Jackie Robinson and health.

March 6: The Armory Show celebrated its centennial, on the Hudson River Piers 92 and 94. The fun stuff is on Pier 94. The original historic 1913 show presented the groundbreaking artists of Paris to Americans, many of whom never stopped ridiculing the show. As one showgoer's descendant lamented, if they had only stopped laughing long enough to buy some of the art. 1, 5, 6, 12, 14 AND 15. Exhibitors, many from other countries. 2. Brillo boxes were giveaways. 8 and 10. Chanel suits became part of the canvas. 13. A sculpture of old cameras topped with a hat. 3, 4, 7, 9, 11, 12, 13, 16 and 17. Stylish guests. The show will run through Sunday.
